This '57 150 belongs to Central Coast and also SFV Regions member Steve Cochran from San Luis Obispo. The '49 school bus in the rear is also from the Central Coast is owned by Teddy Broussard. BOTH those vehicles were driven to our car show this year. Look in an upcoming G&D story of the '57.

Chevrolet introduced the new Accessory Hot Water Heater in 1931. This popular version of the new heater was continued through 1932. It was a retrofit for 1930-1932 cars & trucks. In 1933, a modified version of this heater was used on some Chevys. Prior to 1931 heaters that were offered were the manifold heat type, hot air heaters.
