At Dave & Carrie's home we got to meet the Maloney's, Jerry, wife Ambray and 15 year old son Ryan with their 1941 Chevy. They started the trek via Rt 66 on May 31. A while back they did the No. Carolina to St. Louis. This trip is Samta Monica to St. Louis to complete the cross-country drive.

He contacted Dave to try and find a temporary parking for the '41 after its trucking arrival in SoCal. Dave said SURE!

As Dave still Works for a living he asked me to contact Jerry for details. The first thing I asked Jerry at Cree told me about the '41 coming to California to drive to North Carolina. I asked him, do you have a 216 engine in that vehicle? He replied to me, no it's a 235. To which I said good, that's a very dependable engine and will certainly make the trip.

I asked him if he knew what the VCCA passport program was about. He did not know. I explained it to him and asked if he was interested in it to which he replied yes. I then I

contacted Dean Echols the national passport coordinator. He and I talked about a solo tour and whether it was eligible for passport consideration. Dean talked to his fellow committee members, and they agreed if Jerry would have the magnetic sign on the car, and you can see on the picture, it would work. Jerry also agreed to post on the VCCA Facebook updates on the trip. If you go to Facebook now you can see the same pictures I'm posting here.

I did inform Ryan that he was in charge of keeping track of the thumbs up. Just from Dave's home to their hotel they received twelve thumbs up. That's just the start.

To the Maloney's have a safe trip and enjoy the ride!

At our meeting Thursday 5/3 we will have a guest, Associate Professor of Automotive Service Technology, Pierce College, Alex Villalta. Come and meet him.

There will be no regular meeting in July. Instead, our annual BBQ get together. Details to follow.
